

Who should attend?

- MRC Unit members and others interested in MRC (national, regional, state, local)
- Wisconsin Emergency Assistance Volunteer Registry (WEAVR) members
- Volunteer Organizations Active in Disaster (VOAD) members
- Local public health, emergency management, and hospital personnel interested in volunteer resources

This statewide training conference offers courses for those wishing to complete Tier I courses for Medical Reserve Corps, advanced courses for those who would like enrichment, and anyone interested in learning more about public health emergency response volunteers. The conference also includes veterinary topics for volunteers.

Register early - some classes have limited enrollment.
